## EDUCATION

UNIVERSITY OF PHOENIX- PHOENIX, AZ | MASTER OF INFORMATION SYSTEMS  
OUR LADY OF THE LAKE UNIVERSITY- SAN ANTONIO, TX | BACHELOR OF SCIENCE,  
INFORMATION SYSTEMS AND SECURITY

## EXPERIENCE

### WEB DEVELOPER, ACCENTURE FEDERAL SERVICES

#### REMOTE- MAY 2022- PRESENT

Design, build and test web-based applications and edit site content for various components using content management system (CMS). Create and manage web pages, add/edit content and upload/remove documents using CMS. Maintain website standards and comply with predefined design guidelines. Utilize best practices in web screen design and learn about different middleware platforms to source and update data through web screens as specified in functional requirements.

#### SKILLS USED ON THIS PROJECT:

Usability Design | Web Site Standards and Compliance | Web & Server based Platforms Solutions | Design & Build Enablement | Storyboards & Wireframes | Drupal | PHP (Programming Language)

### QUALITY ENGINEER (TESTER), ACCENTURE FEDERAL SERVICES

#### SAN ANTONIO, TX- FEB 2020- MAY 2022

Performs planning and execution of end-to-end client-based testing including Product test, Production test, Schools Testing, and Intersystem Testing (IST). Planning and executing test scripts. Developing functional knowledge in system applications. Developing deep skills in testing mechanics. Creating detailed test scripts using approved requirements, design, testing standards, and data input. Coordinating with the Development teams' Functional and Programmer analysts in the validation of requirements and design while creating the Test Plan and Scripts.

Submitting scripts to peer and supervisor review process and presenting scripts for approval before execution.

Identifying data required for execution

Logging any deviations from script steps during execution to support proper QA and client review.

Working with development teams to resolve design issues discovered during testing phases

#### SKILLS USED ON THIS PROJECT:

Test Execution and Management | Testing Process and Quality Improvement | Testing Strategy and Planning | Systems Integration Testing | Test Management | Software Quality Assurance | Cucumber (Gherkin Programming Language) | Jira
